Creative strategist with 7+ years of experience building consumer-led brands, content ecosystems and multi-channel campaigns. Experienced in translating consumer research and business problems into creative strategy, brand platforms, and product narratives that drive discovery, engagement and conversion. Strong track record across e-commerce experiences, social, CRM, influencer content, onsite storytelling and integrated 360° campaigns. Experienced in partnering with design, production, marketing and other cross-functional teams to take ideas from strategy to execution.

MYNTRA | CONTENT STRATEGY LEAD | JUL 2025-PRESENT

- **Own content strategy and communication** for major fashion events and commercial moments, translating business objectives and consumer insights into campaign narratives, messaging and onsite experiences.
- **Lead CRM content strategy** across customer segments, using behavioural, demographic and commercial insights to tailor communication by audience, journey stage and business objective.
- Partner with **marketing, creative, product and category** stakeholders to align consumer insight, commercial priorities and creative execution across high-volume campaigns.

AMAZON FASHION | CREATIVE STRATEGIST | MAY 2021-JUL 2025

- **Built Amazon Fashion's Gen Z platform, Serve, from 0→1** — diagnosed low traction through primary + secondary consumer research, developed the platform strategy and positioning, and shaped its naming, brand book, voice, creative direction, onsite experience and content ecosystem. Extended the platform across social, CRM, creator content and Amazon-owned properties.

Impact: 2X engagement, +40% OPS and +170% CTR.

- Translated consumer and brand strategy into **creative briefs and executional guardrails** for copy, influencer and content teams, creating clearer direction while enabling consistent, scalable creative output.

Impact: Improved compliance from **55.86% to 98.6%**.

- **Optimized customer journey (AF 4.0)** – Conducted primary & secondary research to identify usability and product-discovery friction, translating insights into improvements across the shopping experience.

Impact: Reduced bounce rate, increased conversion rates by **500bps**.

- **Led insight-driven 360° campaigns** – Translated research, cultural trends, and campaign data into creative strategy and storytelling across digital, on-site, and offline activations for Sneaker Street, Premium Edit, Wedding Store, Festive Store, and many more.

Impact: CTR +**250–366%**, with improved brand visibility and engagement depth.

- Led end-to-end creative execution across **21+ editorial shoots, influencer collaborations and 15+ onsite activations**, partnering with design, production, social, marketing and curation teams to translate strategy into high-impact, trend-relevant content.

Impact: Tripled social engagement (**262 → 803 in H2'24**).
